## DETAILED ACTION

### *Allowable Subject Matter*

1. Claims 1-12,15-18,20,21 and 23-42 are allowed.

The following is an examiner's statement of reasons for allowance: 1-12,15-18,20,21 and 23-42.

With respect to claims 1, 40, the prior art of record fails to disclose or render obvious that the computer database including a plurality of routing information for remote locations on the computer network and a plurality of first codes and associating each of the routing information with at least one of the first codes; whereby, upon receiving a message packet transmitted from the wireless device across the network which is indicative of a particular first code contained in the beacon signal, the first computer accesses the computer database, retrieves the routing information associated with the particular first code, and transmits the routing information associated with the particular first code across the computer network back to the wireless device.

With respect to claims 18, 37, the prior art of record fails to disclose or render obvious that a memory operably connected to transmitter, the memory containing a first code which is transmitted by the transmitter as a component of the beacon signal, the first code is associated with the specific remote location on the network and the memory further contains a second code, and the second code is also transmitted by the transmitter as a component of the beacon signal; and beacon signal receiver circuit disposed with the wireless device and adapted to receive the beacon signal when the wireless device is within the target region, the beacon signal receiver circuit being operably connected to processor of the wireless device.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
